

DWA_03.5 Knowledge Check_DWA3.2

1. User story(ies) in Gherkin syntax for the "+" button.

Feature: Increment Counter

As a user

I want to increase the counter by 1 when I click the plus button

So that I can see the Tally total increase

Scenario: Increment the counter

Given the user is on the counter page

When the user clicks the plus button

Then the counter value should increase by 1

2. User story(ies) in Gherkin syntax for the "-" button.

Feature: Decrement Counter

As a user

I want to decrease the counter by 1 when I click the minus button

So that I can see the Tally total decrease

Scenario: Decrement the counter

Given the user is on the counter page

When the user clicks the minus button

Then the counter value should decrease by 1
